#### **Description**

TMB Diamond company produces high-quality organic fertilizer and soil conditioners. All our products are applicable to all types of soil for the nutrition of all plant varieties.

In our offer there are also imported liquid fertilizers from England company Omex and Spain company Servalesa, with whom we have an exclusive right of selling their products on the market of Serbia, Bosnia, Croatia, Cosovo, Macedonia, Albania and Romania right of selling.

All our products are allowed in organic production, but their use is certainly recommended for conventional production.

Omex and Servalesa products are registered in Europe for organic production, and many of the products have NOP certificate.

We are unique in Serbia and in Europe with two products from our production: ZeoMin and ZeoPullus-soil conditioners and fertilizers.

Our products have no waiting period,so the consumption is possible immediately after the treatment.
