Offer & Request

Floriade Event

The province of Flevoland is organizing a major international event on sustainable food production, feeding cities, feeding the world in the future. as efficient as possible and with a minimal carbon footprint. In preparation Flevoland and it's biggest city Almere are fostering international alliances of companies, research institutes and universities, to create breakthrough innovations and new business opportunities. We are building new networks of strong partners, based on a truly win-win model. Exchange of know-how and experience but also strongly market oriented
