Description

Innovations and entrepreneurship center Tehnopolis was founded by Government of Montenegro and partners on this project are Ministry of Science, Ministry of Agriculture and Rural Development, Investment and Development Fund and Municipality of Nikšić. Tehnopolis Ltd. works on developing micro, medium and small enterprises, provides business consulting services, office space up to 20 SMEs, conference space and in near future - biochemical laboratory and laboratory for industrial design. We are also working on promotion and development of entrepreneurship, knowledge based growth and commercialization of innovations. Our main goal is to establish more intensive cooperation between the scientific community and the economy, and to motivate young people to think proactively towards the realization of their business idea. Primarily this is about the enterprises whose business operations are based on the scientific and research work, development and implementation of new technologies, i.e. the activities which have a high growth potential, in line with the strategic aims of Montenegro. However, all the enterprises which have the potential of the sustainable growth will be provided with support.
